

MvVO ART SHOW 2026 Selection Criteria

MvVO ART SHOW 2025 is open to contemporary artists worldwide who are working across painting, photography, sculpture, mixed media, works on paper, textile, digital¹, and video art.

The review process is highly selective and limited. Artists are encouraged to submit their application early as selections are made on a rolling basis.

We seek artists with a committed, ongoing practice. Submissions should reflect a cohesive body of work - not one-off pieces. Emerging and established artists are welcome, provided works are available for exhibition and sale through MvVO ART for the duration of the exhibition. We also encourage **working professionals with an active creative practice.** If you've been creating in private - or are ready to re-engage - this is your moment!

Selection is based on:

- Artistic strength and originality
- Original work (artist holds full rights)
- Cohesive body of work
- Professional, exhibition-ready presentation
- Signed works with Certificate of Authenticity
- Clearly defined editions, if applicable
- Excellent condition
- Availability for sale
- Ability to meet exhibition requirements and deadlines

All Selection Committee decisions are final.

Exhibition Details:

- Works must be suitable for a **refined, open-to-the-public environment.**
- Sculptural and freestanding works are especially welcomed
- Works must be suitable for pedestal or easel presentation
- Large or complex installations may not be feasible
- Final specifications provided upon selection
- **Presentation format (physical and/or digital) will be determined in collaboration with selected artists and at the discretion of the MvVO ART Selection Committee and Curator.**

¹ *Digital submissions may include photographic representations of physical work.*
